

TOTE PRO™

"My Store Staff found the Tote-Pro a great asset in moving totes...it greatly improves productivity and saves on the amount of physical labor in the handling of the totes...my staff would not be happy if we did not use the Tote-Pro!"

Frank Saraka, Associate Dealer/Owner
Canadian Tire (Major Canadian Retailer)

It's
as easy as
1 2 3!

1 Position the Tote-Pro™ under the stack of bins

2 Pull back the handle to raise the bins

3 Move the load with ease to its destination

Lift your bottom line with the new and improved Tote-Pro™!
Move your totes and bins faster and safer while saving money

MAKE OPERATIONS EASIER

Replace traditional tote moving methods with the easy, safe and efficient way to lift and move stacks of most attached-lid plastic bins and totes, nested or stacked. Say goodbye to balancing bins on a tilted hand truck, tying up lifts to move pallets or using labor intensive platform trucks. The Tote-Pro™ integrates quickly and easily into daily operations.

SAVE TIME & LABOR

Significantly reduce the labor traditionally required to move totes by cutting down on the handling aspects of the process, leaving employees with more time to focus on more productive tasks.

BOOST SAFETY AND STORE IMAGE

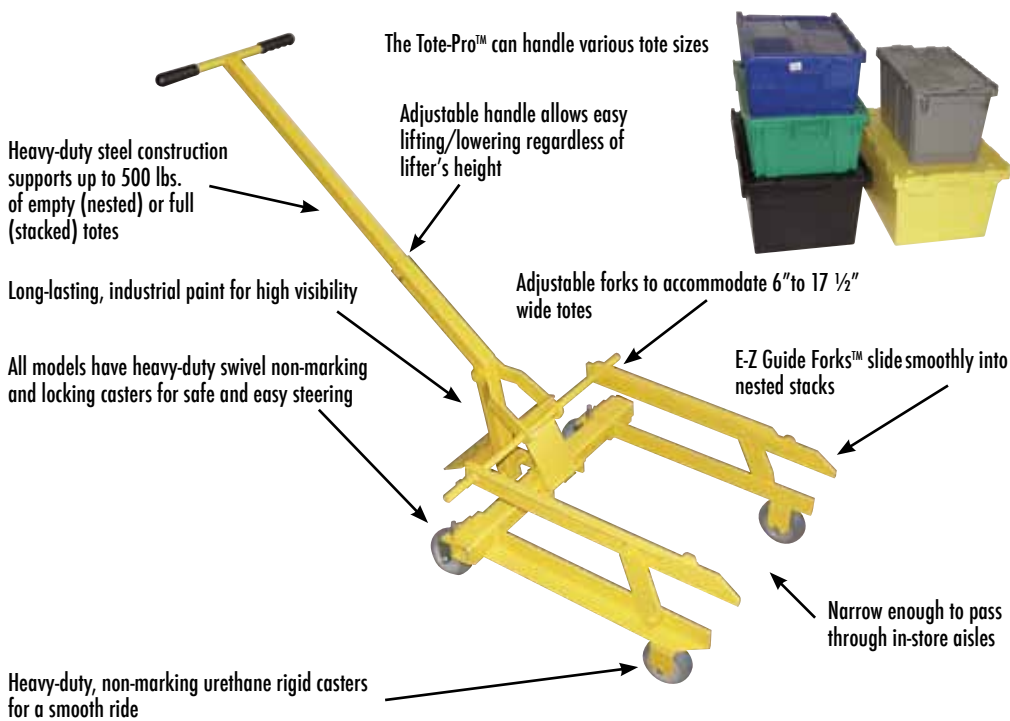

Move totes with the Tote-Pro™ to and from in-store aisles for stocking and give your stores a more organized and professional look. No more pallets or scattered bins blocking aisles, providing a safer working and shopping environment.

LIFT YOUR BOTTOM LINE WITH THE TOTE-PRO™

By integrating the Tote-Pro™ into your daily operations, you'll realize a 100% ROI in just 6-12 months. The savings add up quickly because the Tote-Pro™ will:

- Lower tote-handling time & labor costs
- Reduce repetitive lifting and resulting back-stress related injuries and claims
- Lower absenteeism and worker fatigue
- Minimize lost sales due to cluttered aisles
- Increase operations efficiency

Discover how the Tote-Pro™ will lift your bottom line. Visit www.tote-pro.com and click on the ROI calculator. See how fast the Tote-Pro™ will stack up the savings on your bottom line.

REDUCE WORKER INJURY

Why lift when you can raise with the Tote-Pro™? Its patented ergonomic design reduces back strain, worker fatigue and related claims due to repetitive lifting.

INCREASE PRODUCTIVITY

Because the Tote-Pro™ works with leverage, it can be used easily by just about anyone, regardless of size or strength. With a minimum of moving parts, no hydraulics or power source, this is one piece of equipment that won't result in lost productivity due to maintenance, training or repairs.

Eliminate unnecessary repetitive lifting, and save money by reducing injury claims.

Don't take chances with dangerous and inefficient hand trucks.

Lift the Tote-Pro™ way!

Caster: 4"

Bin Height to Collar (min/max) : 9 1/2" / 12 1/2"

Shipping specifications: 63 lb x 19.75 x 5.5" (1.89 cu.ft.)

THE TOTE-PRO™ UNCONDITIONAL 100% SATISFACTION GUARANTEE

The Tote-Pro™ is covered end to end by a full one-year part and labor guarantee. Doverco will repair or replace at its discretion any unit with manufacturing defects in material or workmanship that are encountered during normal use of the product. Transportation to and from Doverco is the responsibility of the purchaser.
